A4117 Road Safety Improvement Scheme

The road safety improvement scheme proposes the following elements:

- Speed limit:
 - Reducing the existing National Speed Limit to 50mph starting at the “Craven Place” junction to the entrance of Doddington;
- Road markings:
 - Refresh sections of worn carriageway markings (include speed roundels);
 - Introduction of “dragons teeth” markings when entering the 40mph zone at Doddington;
- Road Signs:
 - Installation of a Vehicle Activated Sign (VAS);
 - Damaged posts to be removed;
 - New attention signs on yellow-backed boards displaying sheep and horses;
 - New “repeater” signs to be installed throughout the extent of the 50mph speed limit to encourage compliance.

The Councillors agreed to make the following comments:

1. The Councillors want confirmation that the road studs would be replaced at the same time as there have been many problems over the years with them.
2. The warning signs should be Cattle not Horses.
3. The Councillors want confirmation of what activates the “Sheep VAS”? Is it just when a 50MPH is reached?

King Coronation 6th May

The Clerk has contacted Tom Harris and provisionally booked him for 6th May. The Village Hall Committee have now arranged a fund-raising event in June with Tom Harris for the entertainment. The members of the Parish Council agreed That they would not go ahead with the event on the 6th May as this free event may jeopardise the fund-raising event. It was agreed to purchase a biscuit tin for each household instead and not hold an event.

The Village Pump

A resident has asked the Parish Council about the ownership of the Village Pump as the land is for sale where the pump is situated. The clerk is to look back at the minutes of the Parish Council pre 2015 to see if details of the ownership have been minuted.
